She showed us how to be brave and to love. Spending those two days with you will forever be in my heart. Me and mommy miss you more than anything and love you so much.

Special thanks to UC Health memorial North and Children's Hospital for their special care of Adeline, Myself and Naomi. Special thanks to all our family and friends who helped in many ways during this difficult time.

“ *Grandma had so many plans for the two of us. I couldn't wait to be your best friend. To laugh, to play, to hug, to cuddle and giggle together. I am devastated that it wasn't to be. I am heartbroken that I never got to touch you or hold you or tell you how much that I love you. I'm going to miss you every single day until we can be together forever. I love you my dear Adie Mae forever and always.*
