“ *From Al's family Ken brother wife Diana daughter's Shelby and Devin. Al will be missed and we will always hold on to the memories growing up with his Labs. The holidays we shared together. The memories at the shooting range and how much Al loved to teach gun safety. I remember running into his house and Rose standing in the kitchen Al at the table and I was so short that I would have a hard time stepping up his big steep step in the back living room after I would grab some candy from the bar. Al loved politics and keeping us informed for all the new changes. Al was so smart and could fix anything. We will all miss him and he will always been in our prayers 🙏.*

I have been with Al for over 13 and 1/2 years. He often stated what would of happened to him if he hadn't met me. We enjoyed life together doing the things he liked to do. He was always working on a project or tinkering with his guns. He loved to eat, especially the baked goods I made for him. For many years he would spend time at his ranch and I was able to join him working, riding his atvs, and watching the wildlife come to visit. We were a quiet couple that liked to watch movies together and just sit and talk about the old days. I will surely miss those special times we shared. See you later.

Dearest Ken, Diana, Shelby, and Devin...It is with a heart of deepest sympathy to learn so late of the loss of your brother/uncle. I know how dearly you loved him, as Devin shared family celebrations together over the last 14 years. God gave him a great life for 84 years, and for that we celebrate his legacy. It is with a peace knowing his transition from this life to an eternal one that you all will one day continue in the celebrations. With Love and Prayers for you each a peace that only God can give. Love and Prayers...Angel San Miguel
