“ *My heart is heavy with sadness of the loss of Angel! My thoughts and prayers are with the family during this difficult time. Angel was a true ray of sunshine and lit up a room when she walked in with her warm smile! There will be a void that no one can fill...she will be truly missed! Rest in peace, sweet Angel. No more suffering, no more pain. What a blessing to have known you, if even for a short while. You left an imprint forever in my heart! Gone, but never forgotten!*

With love and my deepest condolences,

“ Michael Mestas, Reina Carbajal & family,

To: Dave, Brit, Joey & family,
Our thoughts and prayers go out to you all. Angel was such a joy to know and We enjoyed the times we have spent. Your family is always a joy to be around and I hope God helps you through this trying time. When I think of Angel I think of her teasing me about the "Geico camel commercial" I can see her get that smile and next thing I knew It comes out. "Mike, Mike, Mike, what day is it??" Then she would crack up and tell me its "Hump Day" like the camel and it always cracked me up. I remember Dave spending hours working on my truck and Angel and Joey would be sitting in my truck jamming to the radio and of course I'd give them guys a hard time about their music lol. Angel was an awesome kid. She was a gift from above and she touched many lives. I enjoyed hearing her stories and she will be missed. Angel we will always love you kiddo and I know heaven is a lot brighter now that you are there. Love you always and God Bless kiddo.

“ *Angel was an angel in disguise from above. God only took her back. She was such a bright person to be around. I am sad I didn't get to know her better, but grateful I got the time with her I did! I will miss seeing her in my office.*

“ I'm not a writer in anyway but Angel touched my family's heart. I wrote this short story in honor of her.

Once upon a time there was an angel who was born to the Earth without wings. She was born into a family that named her Angel and they loved and cared for her more than anything else in the world. As she got older she started to wonder, where are my wings, if I am an angel? When she asked her Mom she said “They will come when the time is right.” Angel waited and waited but her wings never came. Even though she didn't have wings she still enjoyed living on Earth. She had a Mom, Dad, little brother, Aunties, Uncles, Grandparents and cousins who loved her. As Angel grew older she started making friends. She had the best friends in the whole world but her best friend of all was Cierra. She was also friends with Cierra's brother Nick, cousin Kurtis and friend Amanda. Sometimes they would all be able to have time together. Angel had some of the best times with Cierra. She loved to laugh with her friends. Angel also loved the animals of the Earth. She was calm and gentle with them and all the animals enjoyed her company. Although Angle loved her time on Earth she always wondered “Where are my wings?” One day while Angel was playing with her friends the world went dark. She couldn't see or hear anything all there was, was darkness. Angel closed her eyes as tight as she could and when she opened them she was in an enchanted forest. As she stood in the forest all the forest animals began to surround her. Lady bugs and butterflies placed a halo of flowers upon her head. Angel started to walk through the forest with the animals who led her to a field of tall grass and flowers. In the field was Angels favorite animal the Giraffe. The sun felt warm on her skin and Angel started running and playing with all the animals. Some of them reminded her of her family and friends. There was the mighty Daddy and Mamma bear with their little cub that reminded her of Joey, a cat with two kittens that reminded her of Cierra, Nick and their Mom Karen, a wolf that reminded her of Kurtis and a wise owl that reminded her of her Nana. Angel loved playing with the animals but she missed her family and friends. While she was playing with the animals in the

field she heard a mighty voice come from the sky. God called out to her "Angel your time on Earth is over. I ask of you to help me care for the animals of the Earth. Here you may also watch over your family and friends." Angel sat on the ground and sobbed; she missed her family and friends and wanted to be able to play with them again. As she wiped away her tears she started looking at the animals around her, the animals nuzzled her and as she looked into their eyes she had agreed to stay. She knew God and the animals of the Earth needed her now. God asked her to stand as he gave Angel her wings. She had the pretties wings God had ever created.
