Anita enjoyed cooking, baking, and camping. She also loved dancing with her husband Orlando, growing her flowers and spending lots of time with her family. Anita was her family's biggest supporter and would be at all of their events. She had a great sense of humor and was always joking with everyone. Her fun-loving spirit made her the "cool mom" growing up and her kids' friends would love to come and hang out with the family, and she treated every one of them with love and kindness. Every Monday, she would bake fresh bread and make a pot of beans, the best in the world. Anita was a devoted Dish Room Operator for D60 - Risley Middle School for over 13 years and was even more

dedicated to her faith. She served for many years at St. Leander Catholic Parish. She fought a courageous battle with cancer and beat it once and continued her fight until the very end. She kept her humor and onery nature, one of her last requests was a cold beer and joked she'd come back to mess with Orlando. She will be forever loved and deeply missed by all who knew her.
