

Christopher Louis Flores

September 16, 1988 - January 2, 2023

Christopher Louis Flores passed away on January 2, 2023, at his home in Fountain, Colorado. He was 34-years-old at the time of his passing.

Christopher was loved by all and truly a bright light in everyone's eyes. He was such a support and always helping his parents Jessica and Randy Flores with anything that they needed. Christopher obtained his bachelor's degree from Colorado State University-Pueblo in 2012. After obtaining his degree, Christopher lived all over the state of Colorado and worked for The Advantage Group and Mesa Developmental Services. This took Christopher to Grand Junction, Colorado in 2015, where he lived for four years. He met his life partner Zachary Gearhart in 2016 and they later moved to Fountain to be closer to his family. Christopher continued his work in Social Work, working for The Resource Exchange as a Service Coordinator and later a Service Coordinator Supervisor. He loved working for the clients that they served and supporting them with the services that they needed. He was a great advocate for anyone.

In August of 2021, Christopher and Zachary were blessed with meeting their nephew and son Lucas and were granted custody in August of 2022. Even though Christopher had health concerns and a long recovery, he was still a phenomenal father to Lucas. Christopher was always a giving individual, always helping his parents Jessica and Randy, supporting Zachary Gearhart with work and school, and being an amazing Nino to Zachary Flores. Christopher was family oriented and always a great friend to anyone.

Christopher's brother, Joshua, who he would support in anything he needed will miss his brother dearly. Christopher was great brother and Nino to Zachary Flores and would do anything for him and take him on many adventures. Christopher loved living his life to the fullest, whether that would be traveling, going to the state fair with his godson, going to Chile Fest, having game nights with friends, or just hanging out at home with Zachary Gearhart and Lucas Lee. Christopher loved cars, especially his Mustang and his Kia that had a turbo. Jessica always told him that he had a led foot. Christopher had a contagious laugh and always lit up any room that he would walk into. He was really looking forward to creating memories with Lucas and Zachary Gearhart, they were planning a trip to Florida this spring. Jessica and Randy Flores were such great parents and raised a beautiful son who really took anything on that came his way. Christopher will be missed by all of his family and his many friends. Christopher had a great sense of humor and enjoyed joking with anyone. He loved picking on his in laws, always picking on his cousin Aariah or his brother Josh. Christopher loved his dogs Arya and Avery but, has joined Sadie who was a huge part of his life. Come celebrate Christopher's life on Wednesday, January 11, 2023, at 9:30 am at Mt. Carmel church.

“ I still can't believe this is happening iam still processing the fact that I will never be able to see you again or talk to you again or give you a hug. I would give anything just to give you one more hug. I am going to miss you souch we would have the best times at home for the holidays or birthdays you were always chasing me and ariah around with a spray bottle or trying to flick us or pinch us. I remember in the summer time when the pool was up you would always run up behind me grab me and throw me in the pool. I'm gonna miss going shopping with you and on the way there we would always listen to our same favorite songs full blast. You would spoil me and our little brother Zach rotten as long as we were doing good in school and keeping up with our chores.and when I would get in trouble at school or at home or if I wasn't passing my classes you would make sure I was grounded and make sure I was doing something to change it. I always hated how you were so harsh on me about stuff when I was in trouble but now I realize you were just looking out for me and only wanted the best for me. Because that's the kind of person you were you never put yourself first you were always putting somebody else before you and made every one else was taken care of and okay before you did anything for yourself you were the greatest big brother! I hate that you're not here anymore I know I'm not doing the best right now and you would want to see doing good and be with Luciano. I really wish I was doing better and made you proud before you went. But best believe I am going to try my best to get my life back on track and get Luciano back. I love you with all my heart and I'm going to miss you so so much. I never thought you would be gone this soon it's crazy. I hate this empty feeling knowing your not coming back. I love you with all my heart brother may you rest in peace 🙏💔

“ I met Chris at our job with The Resouce Exchange. We both were early arrives when we were working in the office. He would greet me each morning with a Hey Boat! He would laugh at my corny jokes and was really good at his job. The last time I saw him was a couple months ago via virtual. The first thing he said to me was Hey Boat do you know we got Luc . My heart hurts for his husband and his son and his family. He will forever be one of my fondness memories and I am so glad I got to know him.

“ Chris, you made a difference in the many lives you touched. When I first met you, I knew you were where you were needed most. I remember our trip to the Cripple Creek ice sculptures. You made sure I got there as I have lived in Colorado Springs since 1994 and had never been. After we went, COVID hit and the ice sculptures stopped. But they're back this year and I will go and remember the fun we had. You will be missed, Chris. Since COVID Stopped us from going in the office, I looked forward to Teams meeting just to hear your laugh. You will always be in my heart. ❤️
