*My uncle was such a loving and caring person. He loved all his niece's and nephews like we were his own. He taught me to drive , love Blues music , and shortbread cookies. My favorite memory is him ordering pineapple and me pizza and me trying it for the first time. I was really sick one time to and he made sure I drank ginger ale. He recorded ever move for my sister and me to watch from labyrinth to dirty dancing , and so many others. We went over this mountain pass one time to and I cried all the way. He was such a funny uncle and would do anything for you . He always wished he could take my itchy skin away and have some kind of remedy he wanted me to try. He was there when my child daughter was born and one of the first to hold her. He waited patiently out side the room and cleaned the house for me to come home to. I love you uncle and thank you for sharing so much of my life with you and being the best uncle a girl could ask for .*
