“ Danny and I worked the grave yard shift together for many years. He was a cop you can always count on we when things got tough which they often did while working at night.

The most memorable night was when we had a stabbing that had occurred at the Branch INN involving the Bandidos Outlaw Motorcycle Gang. I will never forget driving down Union Ave lights and sirens and seeing 20 Bandidos gang members driving away refusing to stop on their motorcycles. I saw Danny come out of nowhere and force the president and the leader of the pack off of the road right before they could get onto the interstate which caused them all to stop "among other things". We were able to successfully detain all 20 members along with the suspect who was taken into custody.

Rest in Peace Danny you will be missed!

“ My uncle was a kind and compassionate man. When I was little he was my hero, I remember hearing about him always catching the "bad guys".....
When I got older he would tell me how much he loved to service our community, and to serve next to his fellow POs.
He will be missed by many!
