Dan's been an old friend from way back, around high School days in '75-76. He turned me on to Harley's some good music, fun times and interesting scientific questions about aliens and activities. I haven't been able to see him since '05 and Katie was only 5 years old and I've been trying to find him since but he's moved and I couldn't find him anywhere. I finally get his name to come up on Google but I on the obit site and it made me very sad and mournful. I think of him often when watching Secrets if Skinwalker Ranch & wonder if he's watching too. He was a good, sweet, and awesome friend and I miss him all the time. Even if I can't get to see him again I want to wish his family and close friends my sincerest condolences and wish I could find a place to send them a card. God bless them & hope to see him again that big band and Harley Club in the sky. 🙏🕊️💕

“ I knew the whole family when my mom had her beauty shop, but I knew Danny in junior high, we had typing class at the same time. Danny would always try to beat me to class so he could switch the typewriters and give me one the key's would stick. We always had timed typing tests and that way he knew he could beat me. He made junior high fun for me. I saw him at the drive in years later. I had my grandkids with me and he had his girls. He recognized me and we talked in line. It was great to see him again. I will miss running into him. And I know he will be deeply missed by his family and friends. May God watch over all of you and give you the strength to carry on. Deanna Stalford-Mooney
