“ Sincere and heartfelt condolences. Mrs. Jagger created the term “multi-tasking”... a busy loving Mother, who covered all bases for the love of her family. My historical friends; you are all in my thoughts and prayers. ~ Karen Quintana Planalp

“ Dear Marie, Annie, Joni and families:
Please accept my condolences on the passing of your mother. I have such fond memories of your mom and all of you girls during our days at the ballet studio at the Arts Center, with me behind the piano and all of you flying on that dance floor. She was so much fun to have in class with Mr. Willis at that time and I always admired her ability to be out on that dance floor, doing something that she obviously really loved. Class was always so enjoyable when she was in it. I thank her and you for those wonderful memories of my youth.

“ Annie,
I am so sorry for your loss. I didn't realize it, but my sister, Deb and I played in the Pueblo Symphony in the '70s and probably played with your mom. Looks like she had such a blessed life with all her children and activities.

So sorry,

“ To the entire Jagger family - I was blessed to have a relationship with your mother, Molly in my youth. I will never forget her smile and her lovely voice and laugh. She took me to gymnastics practice with the other girls from Belmont and I was fascinated with her stories - like when Tom was kept in the bottom drawer of their dresser because they didn't have a crib, and trying to talk us off the ledge of giving birth to a child - how did she do it nine times? She was so nonchalant about it and explained it so we wouldn't be frightened. She was adventurous and funny and full of life. She is a soul that touched mine and I will never forget her. God Bless you all. Kristi Nitchen
