“Peggy spent hours talking with me when I was going through some difficult issues with my divorce. Her wisdom is forever cherished. One of my fondest memories is when Peggy taught me how to make jelly. We picked grapes from her vines and made the jelly in her kitchen, for this my family and friends thank you Peggy! My family anticipates the delicious jam I make each year thanks to you! I also have the pleasure of inheriting beautiful plants. My backyard has lovely daylilies and a pot in the front houses my yesterday, today and tomorrow plant I inherited. I also chuckle when I think of my pencil plant. Peggy gave me a huge pencil plant and took a cutting with her. A few months later I got to share a cutting back. I still have the pencil plant.

Something I didn't know until recently is her membership to an organization started by Amelia Earhart, a distant relative. I felt we had a strong connection, this confirms it.

Peggy, you will be missed but your memories and love continue to grow in our hearts. I know you have been through a lot on your journey here on earth but now you have the freedom to enjoy the beauty around you.

I love you Peggy,
Deb
