“ *My heart was saddened to read of Gene's passing. Dear Connie and family I have you in my prayers. We had so much fun together in high school and then at the college. I am richer for having known you, Gene and my classmate Richard. I had planned to be at his service this morning, but circumstances just got in the way. My heart is with you Connie; the loss of your best friend and husband must be unbearable. You have my deepest sympathies. Love, Esther*

“*Connie, Orie and I are sorry for your loss. Gene was a true gentleman and always had a smile. It is hard to lose someone who means so much to his family and friends. Your memories will warm your heart each time you are feeling the pain of losing someone. Thank God Gene is no longer in pain. You and your family are in our thoughts and prayers.*

“*My deepest sympathy to all. I can't think of him without a smile He and Connie and the girls are in some my fondest memories as a child. He always treated my family and I kindly and his smile let you know some things would never change. No matter where or when he always had a kind word and always asked about everyone and told me about the girls and their families. He was proud of you! I know my parents always held him and Connie and girls in their hearts. My Daddy will be at the gates of Heaven with a cup of coffee and a joke about crashing those cars on purpose and then working all week to do it again. Hope your hearts are filled with memories of his love and they help heal the ache of his loss
