

George Trujillo

October 23, 1957 - October 4, 2024

George Trujillo Passed away unexpectedly at the age of 66 on October 4, 2024. He was born and raised in Pueblo, Co. Where he met his loving wife of 45 years and they had two amazing sons together. He was an amazing Son, Brother, Husband, Dad, Grandpa and friend who loved spending time with all of his Family. George was a hard working and dedicated family man. He maintained many different apartment complexes, making sure they were in good working order. George was an extremely knowledgeable handyman who enjoyed working with his hands and had the ability to repair and construct just about anything. He loved waking up early to go fishing with his boys Julian and David. They would listen to Spanish music and enjoy nature but most of all each other's company. He loved meeting up on the weekends to play cards with his siblings and family. He loved playing the guitar, horseshoes and was an overall sportsman who never missed a Bronco game. He enjoyed mornings spent with his wife, son and granddaughter Destiny watching cartoons, western movies and going out to eat. His heart was made of gold and he would drop whatever he was doing to help a family member in need. He would truly give his last dollar or the shirt off his back to anyone who needed it. We were beyond blessed to have had him in our lives and we'll cherish every moment spent with him. We Smile when thinking about him because of his wonderful sense of humor and the pain creeps in knowing he is no longer with us on this earth. Until we meet again, you will be dearly loved and missed. Rest in peace George.

“Hi Grandpo it's destiny, just thinking of you and missing you a lot right now. I hope you're doing good. I'm starting school soon and I am pretty excited about it. Also I've been searching our family tree. I'm sure you know all the family up there already but it was really cool to learn. Anyways just wanted to tell you that I love you and I miss you. - Destiny; your "favorite granddaughter" like you would say haha even though I was your only granddaughter.

“Hey grandpo it's destiny, I found this photo I took like a couple years ago and thought it was funny. I was so bad lol. You'd always fall asleep with a cigarette in your mouth or phone in your hand and I thought it was so funny. Anyways just wanted to say thank you for visiting me in my dream and I hope to see you again. I miss you very much and think of you all the time. I love you -Destiny

“ Hi Grandpo it's Destiny. I wanted to tell you that I miss you. Everyday I miss you but now that Christmas is coming up, I miss you even more. I wish you were here so I could get you some gifts. You always did so much for me and I wish I could've done more for you too. When I see you again, I promise I'll take care of you like you took care of me. Thank you for that. I hear you laughing, whistling, and singing still Grandpo. I hope you're happy up there. Please send me more signs and please visit me in my dreams. I know it's probably hard to reach me right now but I hope that you're able to sometime so I could give you a big hug. Well I love you Grandpo and miss you dearly.

I met George at residential niche, he was the kindest man. We talked about food, how we were raised, etc. I was truly devastated at his passing. He would have done anything for anyone, generous to a fault My dog would see his truck, when George would get out Charli would run full speed into George's arms. George will be deeply missed. RIP my friend
