

## Geraldine Farley

February 13, 1940 - April 18, 2019

Geraldine Farley, age 79, passed away peacefully at the Joni Fair Hospice House on April 18th, 2019 due to lung complications. She was born in Madison, Alabama on February 13, 1940 to Ruth and R.M. She married her longtime friend and childhood sweetheart James Farley in June 3, 1961 who preceded her in death in 2014. Gerry is survived by her older sister Jan Davis and her younger sister and husband Sue and Ed Renck; her daughter and husband Melissa and Daniel Colussi; whose only daughter, Gianna, was her most cherished gift.

Gerry graduated a proud Bulldog from Centennial High School in 1958. She worked as an office manager for MetLife and retired after 34 years. A double breast cancer survivor, she was known for never using a pain killer because she was absolutely sure she had an allergy to them. Her crowning achievement is probably the time she got all of her teeth pulled in one sitting while conscious through the whole thing. She left behind a helluva lot of stuff that we still have no idea what to do with. Good thing is that it is all stored in a storage bunker at the Pueblo Depot so it should survive an apocalyptic event. Gerry requested for a celebration of her and Jim's life at our home on May 18th from 1p.m. to 4 p.m. at 32277 Daniel Road, Pueblo, CO 81006. We wish to thank all of those who cared for her during her last days. For those who have known Gerry in her fruitful journey with us, we welcome you.

PD

“ I was terribly sad to read about Gerry. Melissa, I worked with your mom at Met Life way back in 1974. She was always wonderful to me and so helpful, as that was my first job and she understood how intimidating it could be. We remained friends all these years, and reconnected on FB a few years ago. I enjoyed seeing her at the Municipal Band concerts, she would make a point to find me. I have many fond memories of her, always smiling no matter what. I'll miss her very much.

JM

“ *God bless Gerry and Jim's family during this time of remembering the fun times spent with them. We went to Centennial with them and had visited several times during their married life. May God's unfailing love be with all of you . Jim and Betty Mchodgkins*

**Jim and Betty McHodgkins** - May 01, 2019 at 10:11 AM

*Thank you Jim and Betty*

**Melissa Colussi** - May 10, 2019 at 06:09 PM

TG

“ *I remember Geri was a great hostess - always generous with desserts and snacks on hand when we played cards with her and Jim. And, Geri was the biggest animal lover I've known with all of her birds, dogs and cats - who I know were waiting there with Jim to welcome her into Heaven. God bless her family during this time of loss 🙏*

**Terri Garcia** - May 01, 2019 at 09:32 AM

*Thank you Terri.*
