“ We were very sad to hear of Helen's passing. There are some people you just think will be there forever. Helen was one of them. It was wonderful to talk with her about our families and her memories of life in Lime. I cherish the stories she shared. She was a link to both of our families, as she knew so much of our history. My father used to say that Helen was family and I believe she was, not only to him, but to so many. We deeply regret that we couldn't be there to say good bye, but know that she and all of you are on our minds. We send our love, prayers and deepest sympathy to all of you.

“ Helen was the last of my mother's generation, she was the widow of my mother's first cousin. She always had a kind word during my all too infrequent visits either in person or on the phone. Rest in most deserved peace.
