

Jason J. Meese

August 8, 1972 - September 16, 2023

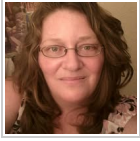

Jason J. Meese, 50 of Pueblo was born August 8, 1972, and passed away September 16, 2023. He is preceded in death by his father, Jerry E. Meese; grandparents, William and Lucille Haddican; aunt, Linda Haddican; and uncle, Bill "Bud" Haddican. Jason is survived by his mother, Rose Meese; sister, Tricia (Brooks) Waugh; nephew Shaun Apodaca; aunts and uncles, Carol Haddican, Sandy (Al) Martinez, Jim Haddican and Gerri (John) Brandt; and special friend, Valerie Thurman, as well as numerous cousins, extended family and friends. Jason was a very hard and conscientious worker. He spent several years at Industrial Constructors\Managers, Inc. (ICM) where he started as a welder and worked his way up to shop manager. He always seemed to sell himself short when it came to talents, skill, and many abilities. Jason was a strong man physically and strong willed, and was never afraid to be honest with people, sometimes a little too honest. He was very close to his nephew Shaun and enjoyed the time they spent together. Jason was always there when someone needed him, especially his mother and close friends, no matter what it was. He will be forever loved and deeply missed by all who know him. A special thank you to the staff at University Park Care Center for the extra attentive care for Rose during this difficult time. At the family's request, cremation has taken place and there will be no services. If any of Jason friends or relatives would like to reach out to his mother Rose, please call University Park Care Center's front desk and ask for her.

“ I was very happy to hear that my mom was able to acquire a lock of Jason's hair for me. I bought a ring to hold it just for him that I will put it on the necklace he made me in high school of a metal unicorn. Probably where his liking welding started. When we were teenagers, Jason had a mullet, beautiful long red hair. He was 2 years younger than I, and would want to hang out with my friend and I when she came over. One day just to get to stay in the room he allowed us to style his hair. That's when he learned that I could feather the back of his hair and he thought it looked cool. After that he would come into my room, sit in my chair and say "do my hair". And I would. Love that memory. Thank You so much. =)

“ Jason was extremely talented and always had his ducks in a row. He would surprise you with his uncanny intellect and was always on point. I will miss our discussions and laughs when I would see him around the ICM Yard and out and about. Jason you will be missed more than you know. Rest easy my friend.

“ Jason will always be a part of the ICM family and will be sorely missed around the fab shop and office. Jason always found a way to lighten the mood on any situation which made him loved by all who worked with him. His knowledge and work ethic will be hard to replace. Thank you for all you have done, Rest in Peace and know we will continue your legacy.
