“ I met Jennifer when she was in preschool at Pueblo West Elementary School. I had the pleasure of working with her for 6 years from kindergarten to 5th grade as her Para Professional. One of my favorite conversations I had with Jen was about my dad. She told me her dad drove big truck. Then she asked me what my dad did. I told her my dad is retired. She told me, Aww your dad is tired. I told her yes he worked so long and now he's tired. I told my dad that story & he loved it. Funny thing is she was right! We work so long that we get tired (re-tired). I'll miss you Jen... I am so glad we stayed in touch. I'll miss your texts. You'll be in my heart forever! You're still my forever friend! Love you-Miss Geri
