“ Chantel, David, Michael and Brian,

I'm so sorry to hear of your father's passing. Joe was an incredible man who taught me so much over the years. I recall spending countless hours with him where he taught me about electronics, cars, and life In general. He was a dedicated family man who centered his life around God, family and country. His sense of humor was incredible and he made me laugh often. When I had my learner's permit I went on a work trip with him to Alamosa and he let me drive the whole way. He kept encouraging me speed. I asked what if we get pulled over, and he said he would pretend to be sleeping and act surprised! He was a great man who loved you all dearly. May God hold you all closely in your time of mourning.

Scott, like David said, thank you so much for sharing that story! It's great to hear stories like that of how he affected others with his humor and love. I have fond memories of living on Regency and have memories of you all when you lived next door. God Bless you and your family.
