“ I remember Nanny coming to Westcliffe and cooking and partying with us, Dennis was there too and we had such a great time! They spent the night and cooked breakfast outside and we had lots of laughter and bloody maries, I think Nanny probably had Jack! She always treated me with love...I'm really going to miss her!!

“ Nana, I'll never forget you. You were such a wonderful, loving woman who gave everything you could from your heart. I loved the talks we used to have at the star and the grove. Always with a topper! I thank God for letting us become friends. I miss you. Lord, I pray for your loving arms to hold her family with strength and comfort, until they meet again. “ Jo was very nearly my mother-in-law at one time, and she always remained like a second mother to me. What an amazing woman! So filled with life, and energy!! She carried her Italian heritage well, and I feel she and Grandma Incerto are busy making huge batches of spaghetti and meatballs, to feed the angels. We love you, Jo!!!!

“ *Gram the best memory I have of you is when you lived in the grove & I loved walking into your house & asking me "do you want a coo coo egg?" Or your amazing homemade doughnuts! Your food never would disappoint. I just want to thank you for teaching me to be strong and to always stand up for what I believe in no matter if anyone else agrees or not. You always were very strong in your ways & I thank god that he chose you to be my grandma. Your legacy will always be alive in my heart. Love you more than words my angel...* ”

“ There are so many memories that come to mind over the last 25 yrs, but what sticks out the most right now for me is how much she loved her family. Regardless of how her health was, when Gina had a doctor's appointment in Denver it was never a question if Josephine was going to be there, it was just a given. There was no way she was not going to be right by her side every single time. The same went for jojo, no matter how sick grandma was, or how little sleep she had the night before, every single school morning over the last 5 months, as soon as jojo and I came upstairs, there was grandma asking jojo if she wanted pancakes or waffles, sausage or bacon lol (don't even try to give this baby cereal for breakfast lol) and on the way out the door jojo always heard " jo, you look like a princess, have a good day, and remember grandma loves you". She was devoted to all of us to say the least. I hope she knows how much I learned from her over the years, and how much the last few months meant to us. We won't be saying goodbye to her because she is always with us in our memories and forever in our hearts.

“ I remember when I came home on leave from the navy and I told mom I really wanted some of her spags and asked her if she would make me some. Well, she could have just saved me some the next time she made it but did she? No, she made a shit ton and threw me a huge party, and made sure all of my family and friends were there. She was just that type of wonderful person. I love you mom and will never forget you and how you welcomed me into your family and home so many years ago. You took care of me as if I was one of your own kids and that love and compassion will NEVER be forgotten. God rest mama Jo and I'll see you again when I get to heaven.

“ *I recall Josephine to be a loving caring person who took good care of her kids. Haven't been in touch for years, but she will always be in my heart as the mom of my precious niece and nephews. I pray the Lord brings comfort to your grieving hearts and help you through this time of sorrow. Love, Aunt Linda*

Nanny,accompanied me,Nini and JoAnn to New Hampshire back in 1959 to visit family. We stopped at a quaint Vermont Inn for lunch and the following ensued!! A young waitress took our order and Nanny,all of 14 years of age,ordered Chili,the young waitress gave Nanny a quizzical look and said,Chili what!!(Mexican food is not a staple part of a New Englanders Diet) I won't repeat what Nanny said but it was very colorful.
