“ *My condolences to Kenny's family. I was one of his girlfriends back when we were teenagers. I remember all the times I would come over to his parents home and we would hang out in his basement bedroom...I can visually see that greenish blue home on Routt??....His mom was always so nice to me. RIP Kenny. I would have never known of his passing if I had not been searching for my own Aunts obituary....I'm glad I could leave a fond memory. To his family.. if he had a wife and kids, my deepest condolences. You dad was a fun guy when we were young. Prayers to all. Sincerely, Gail Stiles*
