“ *I remember Lisa was always full of smiles. I remember the day that we celebrated her grandson's Nicholas (my nephew) graduation we were up at the picnic area in the mountains. Lisa was like a butterfly buzzing around talking to everyone. I had made the graduation cake for Nicholas and I remember that she thought it looked great and tasted good. She eventually landed a spot by the fire to be warm. While the kids were playing graduation games she helped us clean up. She was always nice to me always made me feel welcome.*

“ Mom had many passions from sewing baby cloths to hatching chicken and goose eggs to growing flowers like Lilacs Roses Grapes and trees. One of her most important ones to me is her love of cooking and how it could bring people together wether it was the traditional Costanza breakfast of Green Chillies and eggss and tortilla to her famous Cinnimon rolls we now make for our family we love you Mom.

My beautiful baby sister! How I will miss you and our talks! You were so talented, intelligent and full of life! You were a caring mother and nurse. You inspired me to go to nursing school and get my degree. I can't thank you enough! Rest in peace in the arms of the angels until I see you again! P.S. I love you !
