“ *My condolences to Nancy Russeau's Family!
I just knew Nancy and her husband Lloyd for a wonderful short 11 years which they became part of my family and friends.
I am sure glad I meet them because of my out of control hobby of cars and working on others peoples cars in their garage. I will sure miss her cooking especially her green chili and Hobo Stew. That was way better then working on cars. I will miss listening to both of their stories of motorcycle rides, good places to eat, stories of Michigan, Cripple Creek and asking about her day with the kids she taught. They both were a big help for me when I lost my parents.
She would light up about when I would comment how she decorated their house for Christmas. Reminded me of my mom and how she loved to decorate the house for Christmas. I sure will miss going to their house just to talk to Nancy and Lloyd. Gary Hoody*

“ *My grandma was one of the biggest influences in my whole life. She has inspired me in so many ways she is the bravest women I know. I miss her more than words can express. When I think of my grandma granny, I think of Christmas time, a beautiful full garden, the happy spirit she ALWAYS had, and just comfort all around she always knew how to cheer up anyone. My grandma was resilient and was never a quitter, she always wanted to learn news things and she absolutely loved her job as a teacher. She loved her family more than anything she always loved getting together to do an activity. I do have to say her close second favorite thing is shopping, I feel as though I got it from her! She could spend all day going out of town to shop good deals or even in town! She always knew where the good sells where. I'm so glad that she is in heaven with her husband of 50+ years and I have peace now, that they have each other and they are at peace together, but man do I want them both back. She will never be forgotten. I love you so much granny wait for me in heaven.*
