“ My son Michael was one of her friends, she'd come over with about 9 other teenagers and they'd all hang out on the trampoline we used to have in our backyard. She was always happy and they'd all be laughing and making jokes. I'd give them all a stern look, and tell them all to "behave" and they'd all bust out laughing over some comment theyd make in response. Close group of kids, so sad this happened.
