“ *I worked with Patty at Four Mile for many years, this hurts very deeply. She was my co-worker but most importantly she was my friend. I could count her for every and any question I had relating to work or life. She was honest and told you how it was and how it was going to be, it didn't matter who you were, staff, friend, even her superiors, that's what made her special, that's who she was. The CO Dept of Corrections lost a good one and I can't imagine the loss this has on her family. My deepest condolences to the family of Patty. She will be missed! Rest in Peace Patty, God be with you!*

“ Growing up you were the big sister I never had. Joy and I were ornery pre-teens making your life miserable I'm sure. Always playing pranks but always learning so much life lessons from you. I pray that your family receives the strength and comfort they need now and in the days to come. May your memories always warm their hearts and continue to bring peace in their grieving. 🙏💔
