“ Oh my Godness. I'm so sorry for the family, for everyone who knew him, and the world. Paul, I used to call him Paulin because it irritated him, was one of the most talented metal men I have ever met. I work at Parkview and he made hundreds of things for me. My given name is David. But he called me Davey. Only three other people referred to my as that. My Mother, the director of Radiology and my only lifetime friend. If you wanted to know how Paul felt about something all you had to do was ask. Honest, salt of the earth, talented and so enjoyable.

Paul has gone where all of us will have a chance to be very soon. Would you like to see him again? They love your family, be honest, be a good person, love being, and I promise you'll see him again.

Dave Clark.
