

## Dr. Rodney E. Seal

December 18, 1958 - January 25, 2021

Dr. Rodney E. Seal, 62, ascended to heaven on January 25, 2021 after a short but valiant battle against cancer. He was surrounded by family as they said their goodbyes and helped him pass peacefully.

Rod was a devoted and loving son to Emmett and Marge Seal, of Pueblo. He was an amazing father to Beth (Nick) Genova, Wes (Kristyn) Seal, both of Pueblo, and Jessica (Wes) Richardson, of Alamosa, and an adored “Papa” to nine beloved grandsons: Brett, Wyatt, Jace, Jakob, Blake, Mason, Brecken, Luke and Wade (due in April to Jessica). Rod was a devout and loving husband to Melonie, his late-in-life rekindled love, and step-father to Annie Housman and Sarah (Miles) Lucero. He was a beloved uncle to Chris (Marie) Orr and Jason (Lacey ) Orr, both of Oklahoma. Also survived by brother and sisters-in-law, Michael Sheard, Kathleen Sheard, and Colleen Sheard Housman, his self-proclaimed brother and best friend, Jim (Dianne) Korber and mother of his children, Betsy Walker. He is preceded in death by his beloved sister, Vikki Seal Orr, grandparents and numerous aunts and uncles.

Rod was a graduate of Centennial High School (1977) and Colorado State University- Fort Collins (1985), where he earned a Doctorate of Veterinary Medicine. He began his career at Mesa Veterinary Clinic, treating large animals and for the past 25 years has served Pueblo through his business, Veterinary House Calls. He fully embraced being a Veterinarian, building

strong relationships with his clients and caring for their four-legged family members.

Rod enjoyed history and travel, bicycling, snowmobiling, college football, riding horses, working with his family at The Ranch and climbing Colorado's 14'ers. He planned many adventures for his family and friends, and created memories for them that will last forever.

Rod truly strived to live his steadfast faith in God everyday, which was evident in his unfaltering integrity and exemplary character. He was truly loved by many. He will be immeasurably and forever missed.

“ My husband and I are absolutely heartbroken by the loss of Dr. Seal. He was one of the kindest people I have ever met. He always showed an interest in the animal he was treating and the human that was attached to it. He was down to earth, honest, inquisitive, warm, friendly and had a great sense of humor. I enjoyed our veterinary visits at our home or in his office and we always found a way to share a laugh or have a meaningful conversation. He really meant the world to us and to our animals. RIP my friend.

“ Deeply saddened by a great loss to the veterinarian world, Doctor Seal, took care of my kitty for 8 years.... Really enjoyed the house calls he has done, most animals with fear of veterinarians would shy away... Doctor Seal have the special and caring demeanor where the animals or pets knew they were in good hands... He'll be greatly missed but not forgotten... 🐱

“ Mr. Grace himself. Rod was a fervent servant of God and his fellow man. Countless times he's gone out of his way to care for our family and our pets. He was the greatest of neighbors and friends. I know he's left an immeasurable hole in the hearts of family and friends, but we carry so much of what he taught us every day. May you rest easy at the right hand of God my friend.

*“ The best Vet we ever had over the past 50 years. He took wonderful care of our Golden and her litter of 10 pups a couple of years ago. The entire process was a joy, knowing we had him just a call away. Our deepest sympathy goes out to family, friends and clients. Such a great man.

“ We are deeply saddened to hear that Dr Seal lost his battle to cancer. He was a kind and gentle man, and the best veterinarian we ever knew. He will be missed by a great many people. I like to think that perhaps all of the animals that he helped, that are now across the rainbow bridge, have all gathered together to welcome him to heaven.

“ I met Dr. Rodney Seal several years ago when he did a house visit to exam our beloved dog Logan. Logan was a "pound puppy" when we got him at 8 weeks old. I had pets before but none like Logan. I had never or have I since loved such a pet. When Dr. Seal did the house call, Logan was over 17 years old. Rodney, in his professional and kind way implied that Logan had lived a long life. I believed he knew Logan was ready to go, but sensed that I was not ready to let my Logie go. Logan still had all his faculties, but old age can be tough, even for dogs. A year later it became evident what was best for Logan. The conversation I had with Rodney the prior year stuck with me and I knew it was time. The day Rodney came to help my family say good bye to the "best dog" ever, is the day I will remember Rodney the most. I knew this was not Dr. Seal's first rodeo, but it was mine. Rodney's professionalism talked us threw the process. His empathy most definitely showed. I remember most his patience which allowed me to say goodbye. As emotionally difficult it was to put Logan to "sleep", I am so grateful and blessed that it was Rodney. Logan has been gone for about 10 years and I still think of him as a member of my family. My prayers and thoughts are with you and your family. I sure hope I'm blessed to meet someone like Rodney again because we sure could some more Rodney's!

. On a side note, I grew up on the Eastside and knew his dad, Mr. Seal. They were both really good men.

“ Dr. Seal has been our veterinarian for probably the whole time he was in business in Pueblo and always kindly cared for our cats and our feelings. One time when our little old lady was not well, he told he us he could come in a couple of hours. When we realized how very sick she was and how she was suffering, we called and he came immediately. He was very loving. I am crying as I type this. I know he had to postpone other appointments to come to our aid at that difficult time and I am forever grateful. I always kept that in mind in case he was ever late for our appointment because I knew he was probably rushing to the aid of another pet in distress but that was rare. He was a professional and a good man. He is irreplaceable and will be missed. Our condolences to his family and patients.

“ *My heart-felt condolences go out to Melonie and the entire Seal family. Many years ago, Rod and I were best of friends. We did a ton of things together — basketball, water skiing, hiking, camping, snow mobiles, horse back riding, back packing, mowing lawns, football and more. And as much as I treasure those activities, it's really the things I learned from Rod at those young ages that shape me to this day. He influenced me around being kind, being a hard worker, being honest, having strong values, caring, be thoughtful and more. He helped shape me in ways I truly appreciate. Rod was a wonderful and kind person. Rest In Peace Rod.*

“ Our hearts broke when we read the obituary in this morning's Chieftain. We (along with all of our dogs) loved Dr. Seal. He's the first veterinarian we met who made housecalls, but that isn't what made him so special. He was kind, patient and gentle with all animals and people. He assured us that our Minnie's and Daisy's ashes would be in a peaceful place (Roselawn) and that we might find comfort visiting there. Years ago, when our house was being painted, Dr. Seal arrived to check on our dog Rocky. Our painter (Bonnie Waugh) just beamed when she saw Dr. Seal, remembering how he cared for her family's horses as she was growing up.

*Dr. Seal's passing has created a void in Pueblo that will never be filled, but our memories of his tender, loving care will last forever.*

*Our thoughts and prayers are with his family and friends during this difficult time.*

“ We can judge the heart of a man by his treatment of animals.

*I will never forget how you would arrive at my house on a house call, and then you would promptly sit down on the living room rug to be eye level to my dog and my cat who would joyfully jump into your arms. They loved you. Your kindness and compassion would almost ooze out of you and the animals could sense it.*

“ *Our memories of Rod came in several different settings. He and his family were neighbors to our dear friends, the Knudsens. I (Judy) had Beth and Wes in my Sunday School class. Rod was in Bob's Class and we appreciated his input. When we started spending winters in AZ Rod taught our class for a couple of years. He was also our beloved Vet. He was so loving and caring with our dogs. It was an honor for Bob to be asked to officiate Jessica's wedding. Bob also knows Melonie from his real estate and appraisal careers and felt she was always a class-act. We love you all and just can't believe Rod is gone. Our prayers are with you. “ I would like to send my love and condolences to Dr. Seal's family, friends and patients. I met him in 2015, when he made his first house-call visit for my sweet kitty boy, Farley, who was gifted to me by my daughter, and will be 16 in 2 months!! I was SO impressed with Dr. Rodney's calm and gentle demeanor, his interest in his pets AND owners AND his VERY fair pay scale. I had NO idea that he was a Centennial High graduate, and will truly miss his tender loving care and personality.

Rest with all your animal buddies, and know that there will NEVER be another YOU!!

“ When you lose one of your Football players it makes my heart sad. I had the pleasure to coach Rod back in the 70's as an assistant with Jim Grieve at Pueblo Centennial & I am confessing a coaching blunder that Jim & I made back then. Because of injuries & so forth we asked Rod if he would fill in at running back for us & of course Rod accepted the challenge. He not only accepted it but flourished at it. He was a natural & after the season we were kicking ourselves in the butt for not realizing this a lot sooner. Trust me when I say he would of been an outstanding running for more than just one year.. He treated my Husky before I retired to Arizona & invited me & two of my daughters to go horseback riding...great & fond memories. RIP, my special man.

He was so fun to follow around and I remember him being funny and kind. I'm sure we bugged the heck out of him, although he never told us that! I recall one time when he sat my friend and I in the office chair and set a bag of manure on us so we couldn't move. We thought it was hilarious! I'm sure it gave him 30 min. of peace and quiet!
