“ *Ron was such a kind and generous man. I introduced Ron to my Son at a company picnic years ago and the subject of collecting baseball/football player's card came up between them. A week later Ron brought several cards from both sports to work with him, and asked me to give them to my Son. I was so impressed that he remembered they both enjoyed collecting them, and that Ron had no issues parting with some of his cards to help my Son start his own collection. I can assure you that Rick (my Son), still has those cards today and we both have such fond memories of you touch of kindness. Peace be with you and your Family!*
