“ Russ and I became friends over 2 things both of us shared an interest in. Antique Automobiles and Firearms. We both grew up in the 40's and 50's and loved to share memories of “The Good Old Days”. I was honored to be welcomed into his fine home by Russ and his wife. Russ had many old friends and I know I speak for them when I say how much Russ will be missed. God bless you Russ. Bob Lane

“ *The thing i remember most was i was at Uncle Russell house on Palm Street and Russell Jr. called his dad to open the garage and Russell and his friend and all of us pushed a car down the alley. Being around 12 years old i wondered why Russ would buy a car that he had to push down the alley.He only took national championship with that car.*
