

## Shannon Kaye Fair

July 22, 1959 - December 15, 2023

Shannon Kaye Fair, 64, of Avondale, received her wings on December 15, 2023, after a months-long fight due to complications of a medical procedure. Shannon was born on July 22, 1959, to Charles and Donna Young. She was the second child of four and the only girl in the bunch. She was a graduate of Pueblo County High School and spent her life dedicated to enriching the lives of children in the Pueblo community. In 1975, at the age of 15, Shannon met Ron Fair. In 1977, the couple got married and had two children, Tiffany and Dustin. Ron was Shannon's first and last date and he was the love of her life. She is preceded in death by her Daddy, Charles Young and her in-laws Charlotte and Kenny Fair. Shannon is survived by her loving husband Ron Fair; daughter, Tiffany Sturtevant; son, Dustin Fair; mother, Donna Young; her loving brothers, several grandchildren, and numerous nieces and nephews. Shannon enjoyed music, cooking, and the Colorado Rockies. She was loved by everyone she crossed paths with and will be missed dearly. The family would like to express our thanks for the wonderful help and care give by Sangre de Cristo Community care. In lieu of flowers the family and friends may make donations to Sangre de Cristo Community Care. A Celebration of Life will be held in Shannon's honor on Thursday, December 28, 2023 at 10:00 AM at Central Christian Church. She will be laid to rest privately in a cremation niche near her daddy at Roselawn Cemetery.

“ Shannon was truly a wonderful woman! I met her years ago through my dog grooming shop. She was so nice to talk to and her dog Nala was always happy to come in for her spa day! I had a connection to her because of this. I will miss her!

“ Ms. Shannon was such a bright light when I worked with her. She always had a smile on her face when I seen her and was quick to check up on everyone to make sure they were okay. God bless you, Ms. Shannon. You will be missed.

“ One story I always remember about Shannon is I remember being in the dining supervising morning breakfast with our youth. When I noticed the youth spinning their eggs on the table so I asked them what they were doing. The response was that Shannon had told them if the eggs spun they were good, but if they spun off the table they were bad. So many eggs spun off the table that morning.
