“ My heartfelt condolences to all of you over the loss of our dear Sharon. It's just not going to be the same without her. She had such a genuine sweet kindness about her. I always looked forward to seeing her on Thanksgiving. She would always make sure we would have one on one time together. I remember her kind voice and laughter as if she wanted to let everyone know they were included. She was so fun and easy to be around and always made you know she truly cared about you. She will be greatly missed and I will always cherish the memory of her. May God bless and comfort all of you. Virginia Carter

Of all the times I have thought about Sharon. I am looking her up a couple of months to late. We spent most of our teenage years skating. Every chance we got we were at Skateland. We put on our short skating skirt and went around the rink all night. We talked a lot while we sat in a car listening to KOMA in Oklahoma and chatted. Talked about boyfriends and what was going on at Centennial High. After we married (she was my maid of honor) we got together with our kids and took them to the park and for ice cream. When I moved I got in touch with her when I came back to visit in Pueblo. After many years (60) we had less and less contact. I decided this morning to connect again. I regret that I am too late. She was the best friend I ever had.
