“ Shelly loved my parents and cared for them always sharing a joke and positive enter actions as she came to clean. She provided so much more for them and because she seemed like family, I felt like a sister to her as well. Can't believe that she is flying amongst the angles.

“ I only knew Shelly for about 10 years, but she was one of the most loving, welcoming people I've ever known. My heart goes out to Kay and all of Shelly's extended family at her loss. May she rest in eternal peace with our Heavenly Father.

“ Aunt Kay our families hearts hold you and yours in our prayers. Times like these are hard for loved ones left behind. I bet my dad and Jerry were there to meet her when she showed up at the gates. They've probably already played a few jokes on her! She was a good egg!

“ A prayer for Shelly who had a free spirit and a gentle soul:
"May the choir of angels receive her and their wings surround her in love. May angels lead her to paradise eternally at rest in heaven above. God has her in HIS keeping and we that loved Shelly have her in our hearts".
You have earned your wings Shelly - rest now forever at peace.

“ I've known Shelly since she was 6 months old. Our son and Shelly played together, took swimming lessons together, went skating together and was a great friend to all of us. You certainly will be missed. We love you sweet Shelly.
