*8th Grade Graduation at Fowler and so many memories with Steve. Don't know how many nights I spent at his house in the cool old upstairs attic and when we both got new BB Guns, his dad would take us out in the country and sit in his car while we walked around plinking at things, but that wasn't all, he would haul us around too to go fishing at Rocky Ford and Ordway. As we got a bit older, we had access to cars and would go driving around the country all around Fowler before having a license. When I moved away end of my freshman year, it was a new beginning for me and only talked to him one other time after we graduated. So terribly heartbroken to hear this news and sending hugs and prayers to the family. If you all haven't talked to an old friend or family member for a spell, please catch up with them because you never know.*

“ I knew Steve all through grade school and part of high school. We moved after 10 grade.

Steve was a fun guy and will be greatly missed. I was glad to see that Steve continued to walk with the Lord as he grew up. My prayers go out to Steve's family. God bless you.
