“ I’ve known Toni since I was 16 years old. She is my best friend and Comadre. I can’t believe she’s gone. She was the funniest person I knew. I’ve never laughed so hard in my life when we were together. I have so many great stories that I could fill a book with. One thing she made me promise was if she passed before me she wanted me to sing A-Team by Ed Sheeran. I hope to keep the promise to her. Prayers to her family. Thank God I saw this post and I didn’t miss the funeral. Save me a seat Comadre some day we will ride together again.
