“ Bill you will be missed. So many memories of you and your family through out my life. You were always somehow connected to all of us. Starting with my Great Grandma all the way through to me and my son. I remember you attending my wedding, I remember you talking with my Grandma about my son. Oh and you and my mom bashing each other on the phone or texting. My mom who passed in April Last Year would want me to tell you that you are loved and will always have a special place in my heart. I will never forget you!!

“ Bill Jackson was a wonderful doctor and a beautiful human being. He was a gentleman who always had a smile and a warm greeting for all. Rest in peace. Martha Lovett

“ I was a younger colleague of Bill's in Phoenix. I have not been in touch in decades. Just the other day I was thinking how he so kindly mentored me. That was especially so when I wondered about treating a mutual patient with what in retrospect, was an inappropriate treatment. The universe must have been aware of his passing and gave me a head's up.

“ *I worked with Dr. Jackson at Good Samaritan Hospital and took care of him when he was a patient there. He was such a sweet, kind man and so appreciative. I've thought of him often over the years and kept up with him through a mutual friend. I'm so sorry to hear of his passing*
